Program Introduction & Participation

This publication provides information necessary for the development of software intended for use by businesses and individuals in electronically filing Arizona Individual Income Tax returns. Our goal is to maintain open lines of communication to assure the success of your software and the electronic filing program for the state of Arizona. You are invited to contact us with any question or comment you have regarding our electronic filing program.

Home Service Center (IRS)

Arizona's Federal Home Service Center is Fresno.

Foreign Addresses

Arizona accepts returns with foreign address from the Philadelphia Service Center.

PATs Materials

Test materials will be available no later than September 15, 2008. Arizona's tests are not based on the IRS tests.

PATs Schedule

Arizona begins accepting PATs through the IRS gateway November 9, 2008. PATs maybe submitted until October 15, 2009.

EMS Production Date

Arizona begins accepting "live" production data, through the IRS gateway, January 9, 2009 and ends October 20, 2009.

ERO Registration

Please instruct EROs that a separate registration is NOT required to e-file with Arizona. IRS approval is required, but it is not necessary that the ERO provide proof of the approval to Arizona.

Web Address: www.azdor.gov

The Arizona Department of Revenue's website may be accessed for E-File updates including Publication AZ-1346A "Arizona Department of Revenue File Specifications and Record Layout", tax forms, form instructions and additional information covering a broad range of tax-related topics.

Marketing Software

Arizona will provide a link to your business' tax preparation products through the Arizona Department of Revenue website. Before any marketing is conducted, the developer must successfully complete both the Internal Revenue Services (IRS) and Arizona participant acceptance. In order to ensure the most accurate information is provided to Arizona taxpayers, please complete the 2008 Arizona Software Descriptions and Links form.

Field Alignment

All numeric fields in the Generic Record are right justified with zeros to the left of the significant digits.

Due Dates

The original due date of the Arizona Individual Income Tax Return for tax year 2008 is April 15, 2009 and the extension due date is October 15, 2009.

A federal extension is accepted for Arizona purposes unless there is tax due. In this case, the Arizona extension (Form 204) should be filed and payment should accompany the transmission.

FORM 204 – Application for Filing Extension

Arizona allows for electronic filing of extension applications. The FORM 204 also allows for the extension payment via direct debit. This request is transmitted as a State-Only Return. The following fields are required:

Field 305, position 7-12 and Fields 835-870

Application to Participate

Submission of the Application to Participate is required by all developers prior to testing.

Address Fields

Address Fields 75 and 80 are limited to 30 characters. Any address longer than 30 characters must be present in Address Line 2-Field 80. This includes apartment, space, or suite numbers. Failure to adhere to this restriction **may result in a delay in your customer's refund.**

No Entry

All alpha and alpha/numeric fields must be blank filled if no entry. Do not Zero-fill blank entries.

Whole Dollars

Arizona requires that all dollar amounts are rounded to the nearest dollar.

Standard Deduction

The standard deduction has increased for tax year 2008. The amounts are:

Single and Married Filing Separate = \$4,521

Head of Household and Married Filing Joint = \$9,042

Political Gifts

A political gift for the Green Party has been added. Field 305, position 41 indicates the selection by using the enumerated list below:

"0" or blank = No Contribution

"1" = Democratic

"2" = Green

"3" = Libertarian

"4" = Republican

Military Family Relief Fund

A credit up to \$ 400, depending on filing status, is available for those who contribute to this fund. The donation may be claimed on FORM 340. Specifications for this form are found in the unformatted area of the record layout.

Credit for Taxes Paid to another State or Country

FORM 309, Credit for Taxes Paid to another State or Country is now available for efile. Specifications for this form are found in the unformatted area of the record layout.

Transmission of Credit Forms

Transmission of multiple copies of all credit forms (series 300) is allowed when there is not enough space to list all of the necessary information on a single copy of the form. For example, many taxpayers donate to more than two public schools. When more than two schools need to be listed, a second (or more) occurrence of Form 322 should be included in the transmission. This is also true for any other credit.

FORMS AZ8453 and AZ8879

These forms feature a section where financial data is displayed whenever a direct debit/direct deposit is elected. The section includes:

- Type of account
- Routing number
- Account number
- Direct debit date
- Direct debit amount

Please inform your customers that these documents are **not** to be submitted to the Department; rather they are to be retained along with any supporting documentation for a period of four years after transmitting the return.

Electronic Signatures

Arizona **prohibits** the use of electronic taxpayer signature(s) on state-only returns. Fields 120 (Primary TP Signature) and 125 (Secondary TP Signature) must be blank when "SO" is valid in field 19. In this case, the ERO and/or taxpayer must retain a signed AZ-8453 for a period of four years after the return is filed.

Testing for Multiple Products Using the Same Platform (Engine)

If a developer creates more than one product (example: Online and Professional) it is not necessary to undergo the entire testing procedure for each product. Once the initial PATs is approved, inform us of any additional products and we will discuss with you whether any additional testing will be required. Usually only two tests are required for each additional product that uses the same software engine.

Software Requirements

Arizona participates in the federal/state electronic filing program, therefore any software developed must meet all federal and state requirements. The following guidelines complement IRS and Arizona publications and are not intended to alter or amend the IRS requirements.

- Comply with all federal and state requirements specified in the following publications:
 - IRS Publications 1345 and 1345A.
 - IRS Publication 1346.
 - Arizona Handbook AZ-1345.
 - Arizona Publication AZ-1346 – Software Developer’s Manual Tax Year 2008.
 - Arizona Publication AZ-1346A – Record Layout & File Specifications Tax Year 2008.
- Adhere to all federal and state procedures, requirements and specifications; successfully complete all testing.
- Develop tax preparation software in accordance with statutory requirements and Arizona Department of Revenue return preparation instructions.
- Provide accurate Arizona income tax returns in correct electronic format for transmission with the Federal return to the Internal Revenue Service Center.
- Software is to be capable of producing a printed copy of the complete filing for the Electronic Return Originator (ERO) and/or taxpayer.
- Provide data validation, verification, and error detection to prevent transmission of incomplete, inaccurate or invalid return information.
- Developed software is not to support electronic filing (transmission) of any form not approved for electronic filing by the Arizona Department of Revenue.
- Developed software must prevent electronic transmission of returns and/or supporting documents or schedules not approved for electronic filing by the Arizona Department of Revenue. This is inclusive of those not supported for electronic filing as well as those supported but not successfully tested and approved by the Arizona Department of Revenue.

Arizona accepts ITIN/SSN Mismatch and Exception Returns

Tax returns filed with an Individual Taxpayer Identification Number reporting wages paid are required to show the Social Security Number under which the wages were earned. This creates an identification number (ITIN/SSN) mismatch. In the past, returns with this mismatch could only be filed on paper. Now, due to programming changes, the Arizona e-File system will also accept returns with an ITIN/SSN mismatch.

Federal Income statements

All wage and gambling statements and 1099R (when AZ withholding is reported) must accompany the Arizona transmission. Refer to the federal specifications for layout information.

Community Property Allocation Record

The Federal Allocation Record must be present with the Arizona return when filing status 3 (Married Filing Separate) is selected and the mailing address is Arizona or any other community property state. Also, field 325, position 78 (Community Property Allocation Record) must be "Y". If mailing address is a non-community property state, the ALLOC (Community Property Allocation Record) is not required and field 325, position 78 must be "N".

Decedent Returns

Arizona accepts decedent returns electronically from the surviving spouse who is using the "Married Filing Joint" filing status. To claim a refund, if applicable, Form 131, Claim for Refund on Behalf of Deceased Taxpayer, must accompany the e-filed joint return **if a refund is expected**. The death certificate is **NOT** required as an attachment, but must be kept for tax records. A zero/even balance or a balance due decedent return is also accepted. Taxpayers may use either the Practitioner PIN or the Self-Select PIN electronic signature, with the decedent's return when filing the IRS and AZDOR returns together.

Exclusions from Electronic Filing

The following forms and schedules are **excluded** from this year's Arizona E-File program:

- Forms not listed under "Return Types Available for Electronic Filing"

- Any year other than Tax Year 2008

- Non-calendar year returns

- State returns having a different "Federal Adjusted Gross Income" than that provided on the federal return

- Amended returns

- Fiduciary Returns

- State-Only returns for which a federal return was not completed

- Electronic signatures on State-Only returns

Signature Documents

One of the following forms is required for electronic filing. They are to be retained by the ERO (or in some instances by the taxpayer) and are not to be mailed until specifically requested by the AZDOR.

FORM AZ-8453 Arizona Individual Income Tax Declaration for Electronic Filing – This form is the default signature form for e-File. The taxpayer must review their return and sign Form AZ-8453 before the return is electronically transmitted. Form AZ-8453 (commonly referred to as the signature document) authenticates the return and authorizes the ERO to electronically transmit the return. It also authorizes the ERO to make certain inquiries into the status of the transmission and return on behalf of the taxpayer.

This document must be retained by the ERO for a period of 4 years from the time the return is filed. If the taxpayer's return is "self-prepared" or prepared by a VITA or TCE volunteer, the taxpayer will retain the AZ-8453 with the rest of their tax documents for at least 4 years.

AZ-8879 E-File Signature Authorization Form – In some cases a taxpayer may wish to electronically sign the state return, but is unable or unavailable to return to the ERO's office to sign the electronically prepared state return. Form AZ-8879, (E-File Signature Authorization Form) authorizes the ERO to enter a PIN signature on behalf of the taxpayer(s). The taxpayer(s) must review their return and sign the AZ-8879 before the return can be electronically transmitted. In this instance the AZ-8879 will act as a substitute for the AZ-8453 and the document must be retained by the ERO for a period of 4 years from the time the return is filed.

Payment of Taxes

AZ-140V Arizona Individual Income Tax Payment Voucher for Electronic Filing – When the Arizona return results in a balance due (field 585 of the formatted record), the AZ-140 V is to be produced in hardcopy form with all applicable fields completed if the direct debit payment method has not been selected. A taxpayer reminder should be provided stating it is necessary to pay any amounts owed by April 15, 2009 to avoid penalty and interest. Payment together with the AZ-140V is to be mailed to:

Arizona Department of Revenue
AZ-140V
P.O. Box 29085
Phoenix, Arizona 85038-9085

Error Detection

The Arizona Department of Revenue will immediately notify the developer when it detects a software problem or error. Likewise, software developers are required to immediately notify the department of problems or errors associated with the software or its use. Such notifications are made by e-mailing the E-File staff at efile@azdor.gov.

When a software error is identified, it is the responsibility of the software developer to immediately notify their user population, correct the problem, and expeditiously distribute the appropriate software revision (correction) to their clients. Additionally, the Arizona Department of Revenue is to receive immediate notification of all software errors and problems. The Department is to be advised when corrections are made and supplied with the related software version number and release date. The department must be kept advised of all software versions (identification number and distribution date) distributed to the E-File community.

Acknowledgements

The Arizona Department of Revenue utilizes the fed/state acknowledgement program and utilizes a 120-byte acknowledgement file for the 2008 tax year. The record layout for the 120-byte record can be found in "Arizona 120-Byte Acknowledgement Record for Tax Year 2008".

By including the Arizona acknowledgement process in the software, the Arizona Department of Revenue does not intend to restrict distribution of software to EROs transmitting directly to IRS. The Arizona Department of Revenue makes no post-retrieval alterations to the acknowledgement record.

The purpose of the state acknowledgement is to confirm the Arizona Department of Revenue successfully received a transmitted return. It is not intended to convey or indicate that the received return is accurate or is error-free.

Arizona uses an "Accepted" or "Rejected" acknowledgement system.

An "**Accepted**" acknowledgement indicates the electronic return was received and successfully completed the pre-entry validation process. No further action is forthcoming regarding the transmission.

A "**Rejected**" acknowledgement indicates the electronic return was received, but failed to successfully complete the pre-entry validation process. The "Received-Rejected" acknowledgement will contain an error code indicating the error causing the rejection. The error condition must be corrected, after which the return can be re-transmitted as a "State-Only" return, or submitted as a paper return. Error codes and their descriptions are referenced in document "Arizona E-File Validation Errors for Tax Year 2008"

Participant's Acceptance Testing (PATs)

Testing of software developed for electronic filing is mandatory. All software must be tested using state scenarios. A completed Application to Participate must be submitted to efile@azdor.gov **before** Arizona will accept test transmissions.

Developers will be given formal confirmation when software has been successfully tested for electronic filing. Only approved software may be released and distributed by the developer. Specifications, record layouts and test scenarios are available on the Arizona Department of Revenue website www.azdor.gov. Test scenarios will not utilize Federal PATs data. Arizona's tests are developed independent of Federal testing. Testing is to include retrieval of state acknowledgements.

It may not be necessary to submit test returns for all test scenarios. For details involving scenario adjustments contact us.

Any developer wishing to conduct testing in addition to the scenarios supplied and required by the Arizona Department of Revenue must obtain approval to do so prior to test submission.

NOTE: Approval of software for electronic filing **does not** include approval of any form developed/produced for hardcopy submission to the Arizona Department of Revenue. The Arizona Department of Revenue's External Services and Special Projects Division must approve Arizona substitute tax forms included in software. Direct inquiries and requests for tax form approval to:

Record Layout Instructions

The following provides instructions pertinent to AZ 1346A. Please direct any questions to us by utilizing the contact list provided in Section 1 of this manual.

GENERIC RECORD

Direct Debit /Direct Payment/Electronic Funds Withdrawal

Field 0024, 0027, 0028, 0030, 0035, 0040/ 0048.

Direct Debit is not offered / provided on paper returns for Tax Year 2008. If an electronically filed return is rejected and a paper return is required, the direct debit is voided. The AZ 140V payment form must accompany payment. Failure to include the AZ 140V may delay proper payment application.

Hardcopy documentation for the ERO/Taxpayer detailing the Direct Debit election is required. Information is to include the taxpayer name(s) and SSN(s), debit amount, routing number, account number and type, ERO (EFIN) and date.

Arizona strictly prohibits a Direct Payment/Direct Debit date later than April 15, 2009 on a return that is transmitted before April 15, 2009. Timely filed returns with a Direct Payment/Direct Debit date later than April 15, 2009 will be rejected. If a date is not elected on a return transmitted before April 15, 2009 or if a return is transmitted on or after 20090415, the date defaults to the original transmission date.

Taxpayers may elect a future date if the return is transmitted **before** April 15, 2009. That "Future Date" may not exceed "20090415". If a "Future Date" is not elected or when a return is transmitted on or after April 15, 2009; this date is to default to the transmission date. If a non-banking day is selected, the withdrawal will occur on the next banking day.

Direct Debits may be for an amount less than the full amount due. A billing will automatically be generated for any difference, in addition to any corresponding penalties and/or interest.

Direct Deposit

Field 0024, 0030, 0035, 0040/0048.

Direct Deposit is offered / provided on paper returns for tax year 2008. Related information is to be included on the return as documentation of the election.

Arizona Electronic Signature

When a taxpayer elects to participate in the federal electronic signature program and uses a PIN, they may also elect to utilize the same signature authentication (PIN) for their state return.

If using the federal PIN for the Arizona return there will be a "Y" in Field 305, position 59 (and the federal pin must be displayed in (field(s) 0120 and/or 0125). If a PIN was not used for the federal return signature, OR if the taxpayer elects not to use the federal PIN to sign the Arizona return, then Field 305, position 59 will be "N" or blank (and nothing may be displayed in (field(s) 0120 and/or 0125).

If the Arizona return is transmitted as a "SO" (State Only) return, the federal PIN may **not** be elected for signing the Arizona return.

ALPHA NUMERIC SECTION

Field 0305 through Field 0330

All numeric fields or numeric field segments must be blank-filled when there is no value or entry for that field.

All alpha and alpha/numeric field must be blank filled if no entry.

Form Number should be left justified with spaces to the right of the form number (e.g. '140bbb', '140Pyb').

Field 0305

Position 13 – "Filing Status"

Field segment size is 1 numeric character. Only "1"(Married Filing Joint), "2"(Head of Household), "3"(Married Filing Separate), or "4"(Single) are valid.

Positions 29 through 40 - "Credit Boxes".

Field segment size is 12 numeric characters. Up to four credits may be identified, each consisting of 3 characters. If there are no credits involved, three "zeros" must be entered for each credit totaling 12 numeric characters for that field segment. Only those credit types supported for Arizona Electronic Filing are valid entries. A valid entry can be any combination of 302, 304, 305, 306, 307, 308, 309, 310, 312, 315, 319, 320, 321, 322, 323, 325, 331, 332, 333, 334, 336, 338, 339, 340 or "000" totaling not more or not less than 12 characters. Example: Given credit 309; the field segment would be "309000000000".

Positions 65-72 - AZ Residency "From/To" Date.

Field segment size is 8 numeric characters (MMDDMMDD) and indicates the beginning & ending month and day dates the taxpayer was an Arizona resident, only applicable to Form 140PY.

Positions 73-80 - Other States of Residency.

Utilize standard 2 letter state abbreviations (up to four states may be entered). These field positions are only applicable to Form 140PY.

SIGNED NUMERIC SECTION

Field 0440

"Clean Election Reduction".

- See worksheet in Instruction Booklets for 140, 140A, etc.

Value cannot be greater than \$5 for Single, Head of Household and Married Filing Separate. Field 305, position 46 must be "Y". Field 305, position 47 must be "N" or blank for these filing statuses.

For Married Filing Joint the field value cannot be greater than \$5 if either Field 305, position 46

or 47 is "Y". If both position 46 and 47 are "Y" the value of Field 0440 may be up to \$10.
Field 0460

"Tax After Family Tax Credit" reduction. Value cannot be less than zero, only valid on AZ140A.

Field 0470

"Balance of Tax". Value cannot be less than zero.

Field 0495

"PTC Credit". Form 140PTC is not offered for Arizona E-File. Field is to be zero-filled.

Field 0525

"Aid to Education Contrib." A contribution to the Aid to Education Fund can only be made for the full amount of Field 0520 (refund produced by the Overpayment), or Field 0530 when the taxpayer elects to apply a refund portion to "Next Year's Estimated Pmt" (field 0525). When this contribution is elected, no other contribution can be made. **Also note: No penalties or interest may be paid from the overpayment if this contribution is elected.**

Field 0525 through Field 0570

Contributions - Various. Total amount of a contribution or a combination of contributions cannot exceed the amount of the Overpayment produced by the E-File return (Field 0520). However, if the taxpayer elects to make a payment through Direct Debit (Electronic Funds Withdrawal), they may contribute:

- an amount equal to the amount in Field 0530 plus the Direct Debit amount when a refund return or,
- an amount equal to the Direct Debit amount less the amount in Field 0515 (Tax Due) when a tax due return.

Field 0595

"Amount Owed". When this field has an amount greater than "Zero" and a Direct Debit payment in full is not elected; Arizona Form 140V is to be generated for the taxpayer with the instruction to send the form together with their payment to AZDOR. The taxpayer is also to be advised payment must be postmarked by the due date, otherwise penalties and interest will be charged.

UNFORMATTED RECORD

Arizona Schedules A, ANR, APY, APYN; Form 131, all Credit Forms (series 300 Forms), Form 202 (Personal Exemption Allocation) Schedule 1 and Schedule 2, and Form 221 (Underpayment of Estimated Taxes) are part of the Unformatted Record. In addition, the W-2 & 1099 series forms, the federal Schedule A and the federal Allocation Record (ALLOCR) are to be transmitted as part of the Unformatted Record.

FORM 221 PENALTY CALCULATION CRITERIA

The decision to automatically calculate the penalty for Underpayment of Estimated Tax is to be based on the following criteria and is calculated against the Arizona Adjusted Gross Income appearing in Field 0405 of the Generic Record.

For a filing status of **Single, Married-Filing Separate or Head of Household:**

- If the Arizona Gross Income (AGI) is NOT more than \$75,000, no penalty will be assessed.
- If the Arizona Gross Income (AGI) is MORE than \$75,000, Form 221 must be completed to determine the penalty amount (if applicable).

For a filing status of **Married-Filing Joint:**

- If the Arizona Gross Income (AGI) is NOT more than \$75,000 for each spouse, NO penalty will be assessed.
- If the Arizona Gross Income (AGI) is MORE than \$75,000 for either spouse, Form 221 must be completed to determine the penalty amount (if applicable).

PATs Testing Scenarios

There are ten PATs scenarios for Tax year 2008. The scenarios are designed to be used independently from the federal scenarios. Unlike the IRS, AZDOR does not allow composition of developer generated tests.

Dependents and Parent/Ancestor Exemptions

The paper forms, with the exception of the 140A and 140EZ, each have space for three dependents. This uniformity allows the 4th through 14th dependents to be entered on the Schedule 1 without the necessity of entering "see attached" in the field for the 3rd dependent. The same is true for the Parent/Ancestor exemptions two, three, and four. It will no longer be necessary to insert the words "see attached" when claiming more than one Parent/Ancestor exemption.

Arizona Schedule 1 and Arizona Schedule 2

Schedule 1 lists the required (or allowable) Additions and Subtractions while Schedule 2 allows for a "freeform" statement of up to 3,500 characters.

The Arizona Department of Revenue strives to approve software applications in a timely fashion. Occasionally a test will need to be reviewed more than once to assure that our standards are met. This, combined with a late submission of test materials, may cause delays in approving your software. To avoid such delays, the Arizona Department of Revenue encourages developers to submit their tests by January 2, 2009 in order to complete the approval process prior to the beginning of the live e-File transmission date.
